JOSHUA CALEB

Computer Application Student

📍 Kaypeeyes College of Arts and Sciences

🎓 Bachelor of Computer Application (2024–2027)

About Me

I'm a dedicated Computer Application student with a passion for technology and problem-solving. As a responsible and methodical individual, I approach every challenge with careful planning and attention to detail.

Currently pursuing my Bachelor's degree, I'm eager to transition from academic learning to real-world application. I'm actively seeking my first professional work experience to begin building a meaningful career in technology.

Educational Background

1 — 2024 – 2027

Bachelor of Computer Application

Kaypeeyes College of Arts and Sciences
Barathiyar University

Currently in progress, focusing on comprehensive computer science fundamentals, programming languages, and software development methodologies.

Communication Skills

🗣 English

Fluent communication for professional and academic environments

🗣 Tamil

Native proficiency enabling diverse team collaboration

Technical Skills

Building a solid foundation in programming languages and development tools essential for modern software development.

Java

Object-oriented programming fundamentals, data structures, and application development

C & C++

System-level programming, memory management, and algorithm implementation

HTML

Web development basics, semantic markup, and front-end foundation skills

Community Impact

Velveral Foods Inc.

🤝 Volunteer Experience

Actively participated in community outreach programs, organizing and distributing food collections to support students in low-income schools.

This experience taught me the importance of giving back to the community while developing teamwork and organizational skills.

Thank You

I'm excited to begin my professional journey and contribute meaningfully to the field of Computer Applications. Ready to learn, grow, and make a positive impact in my first role.

Let's build something amazing together!
